Dear Judge Sarah Morrison

Hello my name is Melanie McKay

I am a victim on Ricardo L Maye case. You have saw me Not long ago, I Really wanted to just write you to say, I am Really not in a good place to come back to the court on Oct 22 or even testify. I am Really Really Depressed over this I do currently feel I am Not getting the proper attention I need as a victim thats going through such horrible thing as this. Just this last time the Sheriff Come to the prison picked me up I been early brought me to the Butte Co Jail where I was there 2 weeks, NO Matt to sleep on or a shower. It was the worse thing in my life. I cried my eyes out the whole time, also I been just scared of alot of people with Ricardo, friends, family he knows at the prison, I am so scared of this man, its only getting worse I feel that my Criminal cases Im in Now for was only because of Ricardo, and what I had to do to get money for this man. This is Not a bit fair If Im testifying and everyone know what

No one Not even my judge or my defense he said he not know anything about human trafficking never been
